

PPT Content(36 Slides)

FRONT SLIDE(1 Slide)

1. Paper Title
2. Citation short form
3. Journal information(SJR - Index)
4. Year of publication
5. Impact factor
6. University logo
7. Department Name
8. Code of subject
9. Name of presenter with ID

Outline(1 slide) - some Questions

- Introduction
- Experimental section
- Result
- Discussion
- Conclusion

Introduction(4 slides)

- Includes images of the methods / highlights.
- Working principles (no methodology)
- Research hypothesis

Experimental Section(5 slides)

- Objects used for the experiments(eg: Molecules)
- Reagents, purpose, purchased from.(Table info)
- Experimental procedure(images)
- Preparation of core-shell fiber membrane.

Result(18 slides)

- Format: Some question, diagram, explanation
- Summary subsection

Discussion

- Professional critics(strength , weakness)

Conclusion

- Thank you
